EDUCATION

University of South Florida

Aug 2022 – May 2026

Bachelor of Science in Artificial Intelligence and Business Analytics

Tampa, FL

Bachelor of Science in Econometrics and Quantitative Economics

GPA: 3.98

Relevant Coursework: Statistical Programming for Business Analytics, Applied Data Science, Data Mining, Big Data for AI and Analytics, Time Series Analysis

EXPERIENCE

Business Intelligence Intern

Jun 2024 – Aug 2024

Princeton University - Office of Finance and Treasury

Princeton, NJ

- Optimized SQL query structure and implemented Tableau row-level security for **7M+** records to reduce **80%** dashboard load speed
- Developed Power Automate solution that automated generation and emailing of personalized reports from **10K+** row Excel files, cutting processing time from hours to **under 5 minutes**
- Created reusable VBA and Power Query templates to automate data cleaning and integration of **200+** monthly employee records for internal analytics
- Authored an internal Generative AI guide, empowering **150+** staff to apply AI tools to financial workflows

Export Department Intern

Jun 2023 – Aug 2023

Intercontinental Shipping Co., Ltd.

Haiphong, Vietnam

- Reduced clerical errors by **25%** by auditing international shipping documents for regulatory compliance
- Collaborated with logistics, sales, and client service departments to resolve bottlenecks, increasing deal closure efficiency by **20%** and improving operational metrics

PROJECTS

Data Jobs Market Analysis | *Python, pandas, Microsoft Excel, Power BI*

Jul 2025 – Aug 2025

- Cleaned and structured **12K+** job postings using Python mapping, explode, and one-hot encoding to create analysis-ready datasets
- Built Power BI dashboard that uncovered Data Analyst roles as **33.54%** of the market and identified SQL and Python as top in-demand skills, driving targeted career strategy

Next Leg | *PostgreSQL, Python, pandas, numpy, scikit-learn*

Jun 2025 – Aug 2025

- Developed ETL pipeline to load **2.5M+** flight records into PostgreSQL for seasonal travel optimization
- Trained classification models on imbalanced data, raising F1-score by **25%** and ROC AUC by **20%** over baseline, improving flight cancellation prediction accuracy

Electronics Sales Analysis | *Python, pandas, numpy, scikit-learn, matplotlib*

Oct 2024 – Nov 2024

- Analyzed **20K+** sales transactions and identified **\$21.5M** in revenue from customers aged **35–64**
- Designed SVC models with **87%** accuracy for customer loyalty forecasting and e-commerce shipping optimization

TECHNICAL SKILLS

Programming Languages: Python, SQL, R, HTML, C/C++

Data Science Libraries: pandas, numpy, scikit-learn, matplotlib, seaborn, PyTorch, TensorFlow

Data & Analytics Tools: Tableau, Power BI, Power Automate, Visio, Excel

Databases: PostgreSQL, SQL Server, MySQL, Oracle

Development Tools: Git, GitHub

Concepts: Machine Learning, Statistical Analysis, A/B Testing, Data Mining, Data Visualization

Certifications: Google Data Analytics Professional Certificate, USF Muma Citizen Data Science

LEADERSHIP

Peer Leader

Aug 2024 – May 2025

Corporate Mentor Program, University of South Florida

Tampa, FL

- Enhanced **12+** first-generation student-mentor relationships through consistent support and check-ins
- Co-led **2+** career events for **120+** students and advised on peer feedback systems to support inclusion
